Explanation of Responses:

- The options were granted pursuant to the Issuer's 2015 Stock Incentive Plan.
- The options are subject to vesting based on the Issuer's performance relative to a pre-established target relating to free cash flow for the year ended December 31, 2016. The Issuer's performance relative to the targeted amount will be determined by the Compensation Committee by reference to the Issuer's 2016 financial statements.
- The number of options subject to vesting will be determined by reference to a pre-established vesting schedule. The reported amount of shares assumes achievement at the maximum level, which would require performance at 150% of the targeted amount. For performance at 100% of the targeted amount, approximately 67% of the options would vest. For performance at 80% of the targeted amount, approximately 33% of the options would vest. For performance below 80% of the targeted amount, no options would vest and the options would be forfeited.
